## Accomplishments

### Poppy Gallery

January 2019

Created and ran a two-hour workshop on sign painting held by the Poppy Gallery

### PEO

May 2018

Created a design that would be printed on multiple products and sold for fundraising purposes. Created an advertisement for the design and attended their state meeting to promote the products.

### Columbia Art League

Art Teacher October 2018 to December 2018

Taught a six-week course on hand lettering and calligraphy. Created worksheets and lesson plans for the course.

## Work History

### Columbia Printing and Sign

Graphic Designer

October 2020 to present

Create graphic design assets including but not limited brochures, yard signs, and mailers for a variety of clients. Set up files for print and print on assets on both laser engraver and printer. Create and edit files in Adobe Illustrator, Indesign, and Photoshop. Set up mass mailers in Fusion Pro. Interact with customers in order to answer questions and give customer service.

### Canvas on Broadway

Painting Instructor

Nov. 2019 to Present

Recreate acrylic paintings from a picture and develop a lesson plan that can be executed in under two hours. Teach this lesson plan to a variety of customers ranging in age and skill. Create paintings that can be painted in two hours, easily taught, and will be appealing to customers.

### Joanne Neubauer Illustration

Freelance Artist

June 2017 to Present

Create illustrative and graphic design assets for a variety of clients. Design pieces in a range of styles and mediums. Promote and sell my designs on an assortment of products. Paint custom hand lettering on a array of surfaces. Represented by both Creative on Call and Creative Circle.

### Image 360

Graphic Designer

Nov. 2019 to June 2020

Created graphic design assets for a variety of clients including logos, decals, signs, and car wraps. Set up files for print for a variety of machines and applications including vinyl cutters, flatbed printing, and engraving. Can set up files in Adobe Illustrator, Photoshop and CAD SignLab. Liaisoned with customers creating estimates, mock ups, and answering questions. Updated the company website with recent pictures of projects. Ran the company's social media accounts, posting information about jobs the company has done around the community to drive customer interest.

### Cottey College

Student Worker for the

2012 to 2014

Office of Public Information

Designed logos for different organizations. Created covers of various assets including the yearbook, infographics, advertisements, and various promotional artistic assets for the college. Communicated between multiple departments of the college to better serve their graphic design needs.
